SPECIAL NOTICE

This list is intended for the TRADE ONLY. If it reaches people NOT entitled to Trade Prices, we will thank any Nurseryman or Florist to advise us, so that our mailing list may be corrected. We do not employ agents. We do not pack dealers' orders on our grounds. We do not authorize dealers to use our name.

CHASE, ALABAMA,
September 25, 1941.

TO THE TRADE:

We are earnestly striving to tote fair on this question of price advances. Every item that enters into the cost of producing Nursery Stock—Labor, Supplies, Taxes—is ever on the increase, it seems, and the end is not yet. In self-defense, we are compelled to emphasize that black-face heading on Page 3: *"All Prices Subject to Market Changes."* As we go to press with this annual Trade List, we are confident that the prices shown are in most instances, in line with present market conditions.

Up to the latter part of June, we were uneasy about growth due to a prolonged drouth, but since it was broken, the rains have come just about right, so spaced that we could "get the grass" between showers, and as a result, the growth is as good as during any normal season, better on some items.

As usual, we shall give your hurry orders hurry service, a service made possible by two lines of railroads, many truck lines, express and postal facilities, all within a stone's throw of our office and packing house.

With deep appreciation for your continued confidence, resulting in a very fine volume of business this past season, we are

Yours very truly,
CHASE NURSERY COMPANY.

TELEGRAPHIC INQUIRIES

If you fail to receive a telegraphic reply to a telegraphic inquiry it means that we CANNOT supply goods wanted. Our rule, in such cases, is to immediately acknowledge your wire by MAIL.

. . . . .

SHIPMENTS

Please state how you want your shipments made, whether by freight or express; also route. Where no instructions are given, we will ship as we think best serves your interests, without assuming responsibility.

The risk and cost of transportation belongs to purchaser.

. . . . .

TERMS

1. **Open Accounts (on known or approved credit rating):** Two per cent 10 days; 30 days net.
2. **Cash With Order:**
   In lieu of all cash discounts, we pack Naked-Root stock free when the full payment accompanies order. Note that this does not apply to Balled-and-Burlapped items.
3. **C.O.D. Orders:**
   When ordering goods shipped C.O.D., be sure that at least 25 per cent accompanies order.
4. **Boxes and Bales Extra at Cost:**
   Except when Item 2 above applies.

. . . . .

PRICES

This List is intended for the TRADE and should be found only in the hands of people who buy our products for resale at a profit.

We price "Per Each," "Per 10," and "Per 100." To obtain the lowest published price on Naked Root deciduous stock your order must consist of at least fifty plants and not less than ten of a variety or grade.

Orders for less than ten of a variety or grade, will be invoiced at an ADVANCE of 25% OVER THE TEN RATE, REGARDLESS OF THE SIZE OF THE ORDER, except in Conifers and Broadleaved Evergreens where the "Each" and "Per 10" rates apply.

Prices do not include packing charges (except as noted above under "cash-with-order" terms). For cost of bales and boxes see Page 4.

All prices are subject to market changes.

. . . . .

GRADES

We grade liberally. All shrubs of specified sizes are well furnished and well rooted. Culls are as rigidly excluded from the lightest grades listed as from the heavier stock. Our rule is, "WHEN IN DOUBT, PUT IT IN THE LOWER GRADE." Detailed information as to our method of grading Hedge Plants and Roses is given under such heads.

TRANSPORTATION RISKS

While we use every means at our command to secure prompt delivery, WE ARE NOT LIABLE FOR DELAYS IN TRANSIT; OUR RESPONSIBILITY ENDS UPON DELIVERY IN GOOD ORDER TO CARRIER. Remedy for loss must lie between the buyer and the carrier, but we will gladly render all the aid we can.

. . . . .

CLAIMS

All claims must be made immediately after receipt of stock.

. . . . .

LIABILITY and NON-WARRANTY

All quotations are for immediate acceptance and subject to stock being sold. All bookings are without liability to us should injury befall stock from frost, hail, fire or other causes beyond our control, and subject to the standard form Non-Warranty Clause which reads: **"We give no warranty, express or implied, as to description, quality, productiveness, or any other matter, of any nursery stock, seeds or bulbs we sell."**

. . . . .

COMBINATION CARLOAD SHIPMENTS

When possible we combine shipments into carloads for distribution at Chicago, Cincinnati, Rochester and St. Louis, often to other points, giving you benefit of c/l freight rate and quick through refrigerator car service.

. . . . .

PACKING CHARGES

We use bone-dry, high grade boxing lumber that is light and strong, and makes a good looking package.

Schedule of Box and Bale Charges

	6 to 7½ ft.
30 × 30	$2.75
24 × 30	2.50
24 × 24	2.25
18 × 24	2.00
18 × 18	1.75
15 × 15	1.50
12 × 12	1.25

Longer or shorter boxes will be charged in proportion to above schedule.

Bales: 25c to $2.50, according to size.

There is no packing charge on bulk car or truck loads.

. . . . .

REFERENCES

As to our standing and responsibility we refer to any bank or business house in Huntsville, Ala., the Commercial Agencies, and the leading nurserymen of the United States.

Deciduous Shrubs and Trees

In listing plant material we follow **Standardized Plant Names** as far as practical.

We price Per 10 and Per 100. To obtain the lowest published price on naked-root deciduous stock, your order must cover at least fifty plants, and not less than 10 of a variety or grade. Orders for less than 10 of a variety or grade will be invoiced at an **advance of 25% over the ten rate regardless of the size of the order.**

All stock will be well branched, well rooted, and strictly up to the standard grades adopted by the American Association of Nurserymen, except as noted.

NOTE: The figures shown following the description of each variety indicate approximate height at maturity.

MALUS, Flowering Crab-Apple—Tree Form

Flowering Crabs are among the most lovely of spring-flowering trees. Their range of color runs from pure white to a brilliant carmine. Most varieties are abundantly set with showy small apples of a brilliant hue, which carry their value beyond the blooming period into the late summer and autumn. Many varieties have attractive bronze-red leaves. Highly ornamental and valuable in almost any planting. The varieties listed are either Oriental in origin or Oriental hybrids, and not as susceptible to Apple-Cedar Rust as are domestic sorts.

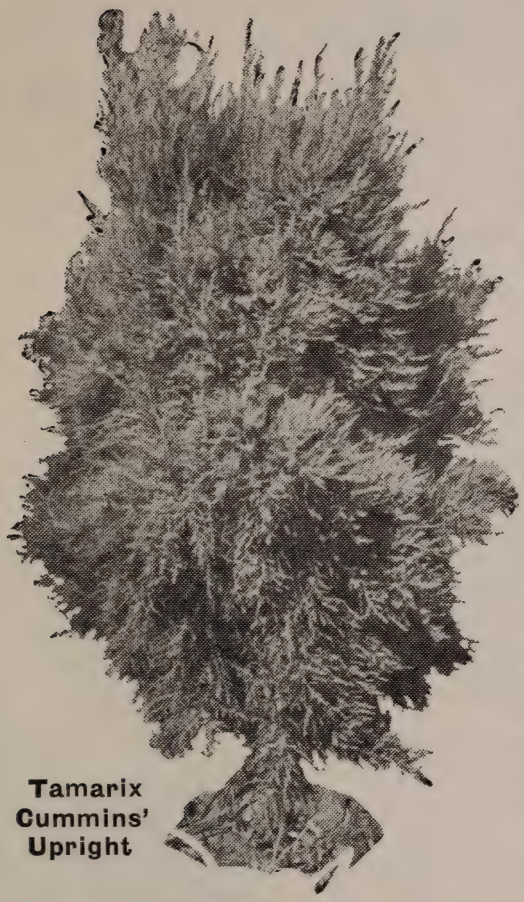
H. H. CUMMINS' NEW TAMARIXES



Tamarix Cummins' Upright

Here are two new Tamarixes, unlike anything in the shrub line we have ever seen. They were introduced by Mr. H. H. Cummins, of Melba, Idaho. They are both obviously Tamarixes, because their foliage is unmistakable, but their habit of growth is most unusual. The Cummins' Upright grows in a conical shape with a broad base, similar in habit of growth to Jun. excelsa stricta. The Cummins' Prostrate grows horizontally, with a habit of growth like Jun. pfitzeriana. They are both very distinct.

FLORIDA, June 23, 1941: "The material purchased from you is doing nicely, especially the lining-out Elaeagnus."

ALABAMA, February 24, 1941: "Thanks for address which made it possible to get plants needed. Where I get a square deal, I never like to change. Your plants are good values. Maybe better luck next time."

IOWA, March 1, 1941: "We have received your stock and are pleased to report same checks out all satisfactory, and we thank you for the careful attention given our order."

NEBRASKA, February 29, 1941: "Everything came through in good condition."

CALIFORNIA, February 24, 1941: "Order received from you in good condition. Nice stock, and much pleased with shipment."

CONNECTICUT, March 3, 1941: "The Altheas came in, and we must say they certainly are fine plants."

Broadleaved Evergreens

We specify "BB" (Balled-and-Burlapped) where we think this method of handling necessary, and have priced accordingly. Those customers who are willing to assume the risk of handling such items with roots carefully puddled (NR) may deduct from the listed price according to schedule shown below, and such items as we have not specified "BB" will be dug balled-and-burlapped by adding the amount as per schedule below.

Plants handled "NR" will have every care to protect them from drying out. Roots are carefully puddled in mud as dug, and we use damp sphagnum moss for packing material, shipping the plants in ventilated cases.

Please always specify "BB" or "NR" when ordering.

NORTH CAROLINA, September 20, 1940: "Several of these items we are ordering were quoted to us much lower than your prices, but we figured 'Chase Quality' was worth more to us. Sorry we were unable to use more stock from you as we frankly admit we like to buy from you Chases."

IOWA, October 8, 1940: "We do appreciate your quick handling of this order for us. It has helped us out immensely."

SOUTH CAROLINA, November 22, 1940: "I ordered a good bit of Lining-Out Stock from you last spring, and am well pleased with it."

MISSOURI, October 28, 1940: "Your stock is the best I get."

CALIFORNIA, October 29, 1940: "Last year with our annual order, we received from you 5 Magnolia soulangeana, 4-5 ft., bare-root, for trial. These plants arrived in good condition and grew satisfactorily. This year we wish to increase the order."

ILLINOIS, November 4, 1940: "Please find check enclosed to cover in full. Trees arrived in fine condition, and we were well pleased with them. Thank you."

Budded Roses

The No. 1 grade of H.T.'s and H.P.'s carries at least 24 inches of wood and 3 or more good canes. The Budded Climbers will carry at least 30 inches of wood and at least 3 or more canes.

The Medium grade of H.T.'s and H.P.'s carries at least 15 to 18 inches of wood and 2 or more good canes.

Orders for less than 10 of a variety or grade will be billed at an advance of 25% over the ten rate, regardless of the total number of roses in the entire order.

CONIFEROUS EVERGREENS

All of these Conifers are grown from cuttings, and transplanted in the field at least twice, except those marked 'Pots," meaning grown in pots of the size specified. These field-grown plants, much stronger than bed or frame-grown stock, will be puddled in mud as dug, and the roots carefully packed in sphagnum moss. Potted stock will be shipped in paper pots of the size specified unless we are instructed to shake out.

14. FRENCH PRUNING SHEARS: PRICE

Very doubtful if we can ever again import these fine shears from France. If, by next year, it still looks hopeless we shall inclose this space in deep mourning and drop this number.

FRENCH SHEAR REPAIRS:
"Let George Do It"

We still have some parts for all sizes French Shears and if you have some used French Shears that need adjusting—new blades, bolts, springs or frames—send them in and our George Stevenson will put them in shape (if any one can) and at reasonable cost. "LET GEORGE DO IT."

15. SHEAR SPRINGS:

Volute (Spiral) type for all sizes. Be sure and state whether for French or American shears and 9-inch, 8-inch or 7-inch size.

Each, Postpaid ..... $ .15

16. SPRINGS FOR FRENCH SHEARS:

Roller (Old Style) type for all sizes, Be sure and state size wanted.

Each, Postpaid ..... .20

17. AMERICAN "CLIPPER" PRUNING SHEARS:

At last a low-priced, easy cutting, heavy duty, yet light weight pruner American made. It is all steel—no castings. Blade and hook are hardened and tempered. Has comfortable, non-pinching grip. Length overall 8 inches; weight 10 ounces. Try it once and you'll say it's the finest, low priced pruner on the market.

35. CORDAGE-WOOL TWINE:

The same high grade wool twine that we have handled and used for years. Best for tying in bunches. For fruit trees and heavy stock, use 4-ply. For bunching small fruits, roses, etc., the 3-ply is plenty strong, and of course carries greater yardage per pound. Packed in bales of about 110 pounds each.

Per Pound, 4-ply small lots (in 1-lb. balls) ..... $ .23

Per Pound, in full bales ..... .21

☞ 3-ply takes an advance of 1 cent per lb. over 4-ply.

36. CORDAGE-TARRED SISAL TWINE:

Best grade 1-ply sisal, lightly impregnated with tar which prevents rotting while in winter storage cellars. In balls of about 10 pounds each. Cannot break balls.

Per Pound ..... .16¾

37. CORDAGE-SISAL EXPRESS CORD:

Nothing better for express bales. Two-ply high quality, comes single end on reels of about 60 pounds each. Cannot break reels.
